**About UltraPay**

UltraPay Limited is an ASX listed company that in the past 3 years has made a significant investment in developing a competitive solution for the mobile card payments market. The UltraPay business model is based on establishing an international business that generates recurring revenue through a combination of transaction and rental fees derived from the provision of payments infrastructure to merchants acquired by the Company directly and indirectly. The Company is focused on deploying the system for in-vehicle applications; however, the system is equally applicable in the general mobile and retail payments area, hardware sales and technology licensing.
